

Q8) <html>

<head>

<title> Addition of two Numbers </title>

</head>

<body>

<input type="text" id="a" onkeyup="sum()">

<input type="text" id="b" onkeyup="sum()">

<input type="text" id="c" ~~onkeyup="sum"~~>

<script type="text/javascript">

function sum() {

var n1 = document.getElementById("a").value;

var n2 = document.getElementById("b").value;

var ans = parseInt(n1) + parseInt(n2);

document.getElementById("c").value = ans;

</script>

</body>

</html>

output : a →

5

b →

6

c →

11
